

Task 3 – Exploring the Dunzo APP

- Explore the app and identify the functional flow
- People Involved
- Benefits
- Gaps if any

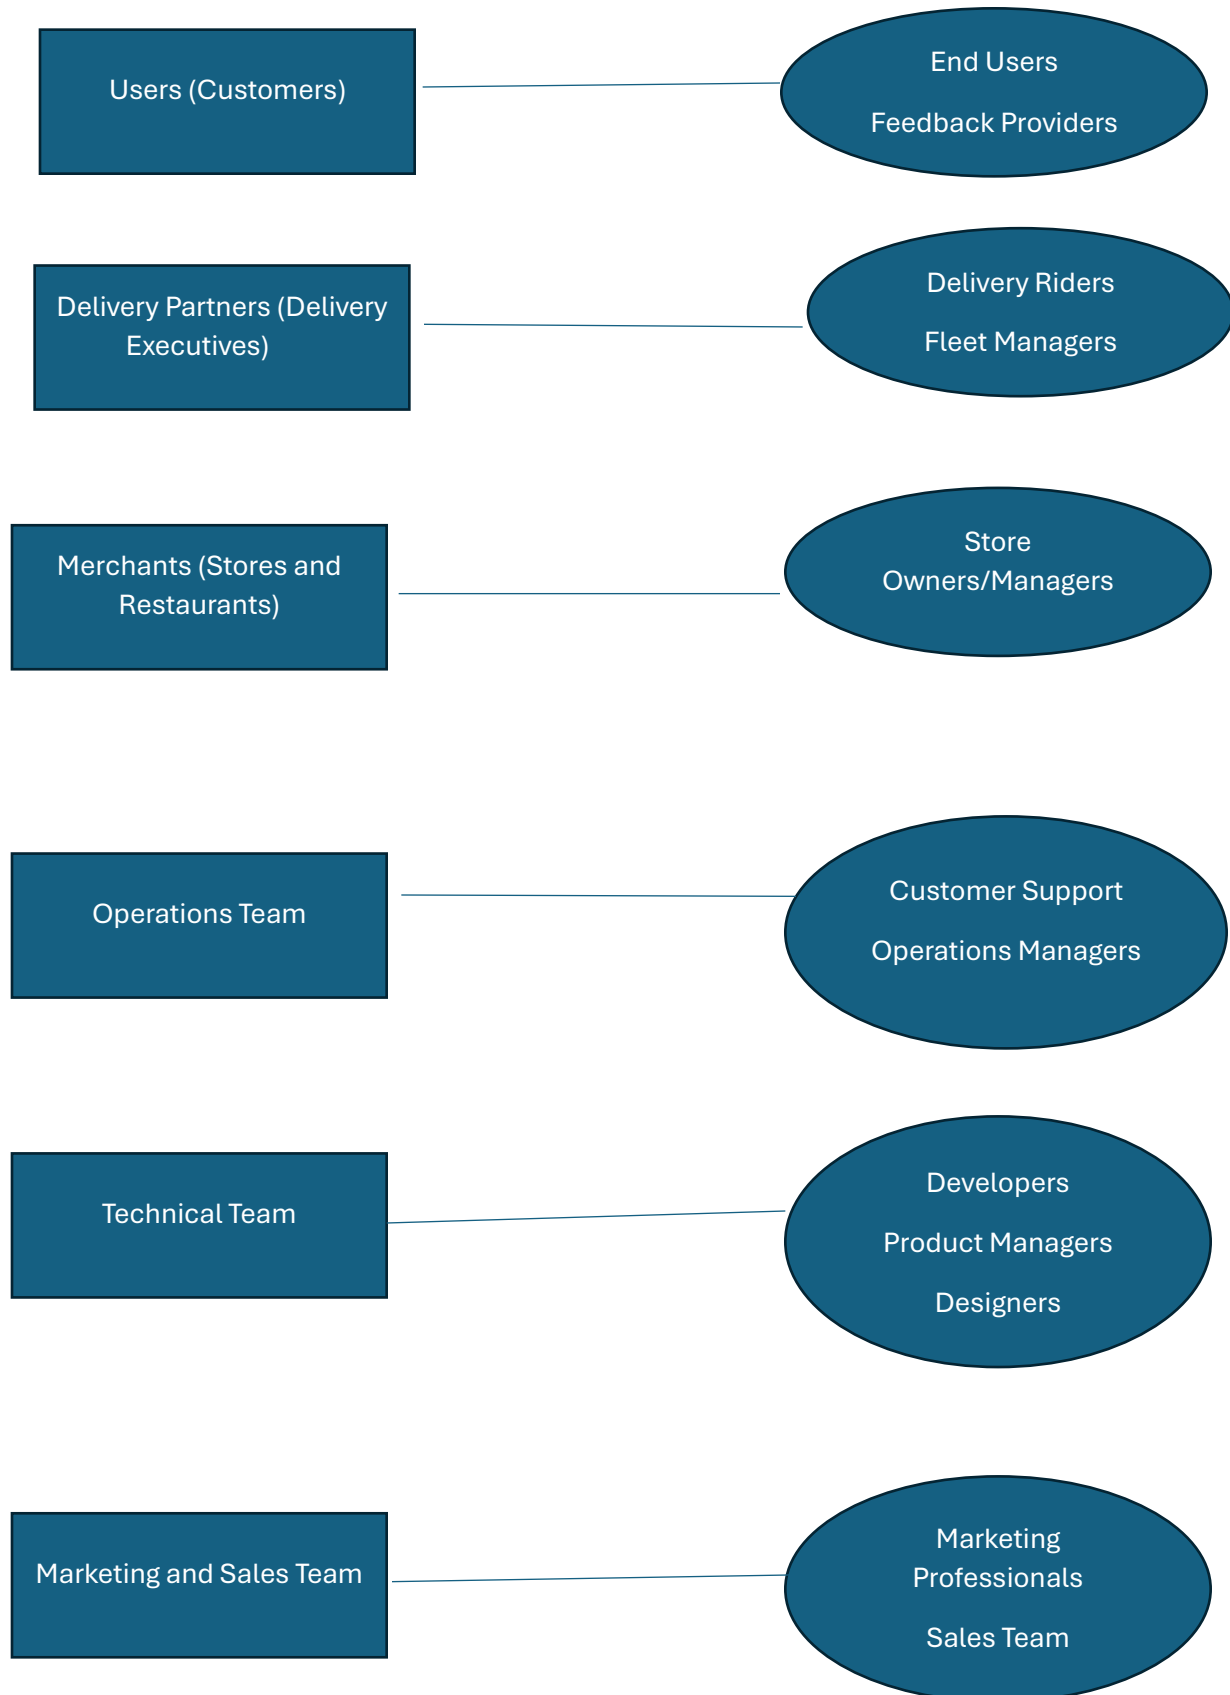

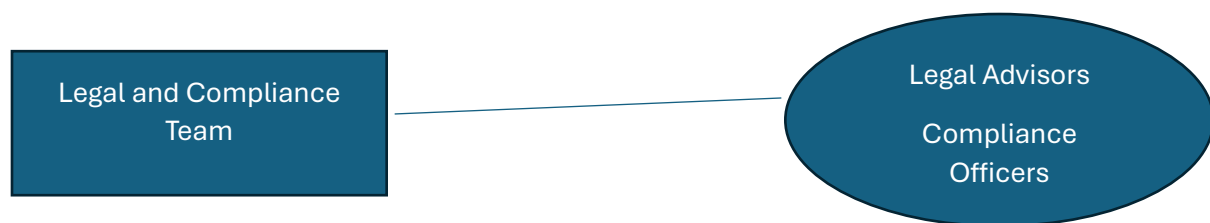

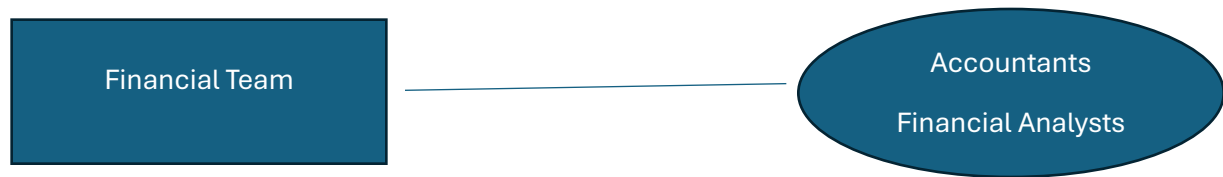

Dunzo is an Indian delivery service app that offers a wide range of services including grocery delivery, food delivery, medicine delivery, and parcel delivery. The functional flow of the Dunzo app involves several key steps, which can be broken down into different stages for the user, delivery partner, and backend operations. Here's a detailed functional flow:

1.) Functional Flow of Dunzo App :-
