Says

The system is too complicated and time-consuming

I always struggle to mark my attendance correctly

The interface is outdated and not user-friendly.

Support is hard to reach when I encounter issues.

Thinks

There must be a better way to handle attendance.

I'm worried about making mistakes and not getting paid accurately

This process should be automated or simplified

The system could definitely use an update.

D Venkatesh

Does

Spends a lot of time trying to log in and navigate the system

Frequently checks if the attendance was logged correctly

Contacts support or peers for help when stuck.

Tries to find workarounds or shortcuts to save time.
